Lic. Ana Maria Urrutia de Lara received from the President of ASDER, Ing. José Luis Saca, a plaque of appreciation from all Salvadorans broadcasters for her twenty years of unconditional commitment in favor of Freedom of Expression.

The twenty year history of Ana Maria de Lara as fighter for freedom of expression has been characterized by her ongoing commitment and dedicated work for this fundamental right which is the touchstone of all freedoms. Much of these two decades are closely related to IAB, because since 2003 she chairs our Committee on Freedom of Expression, standing out for her hard work and effort.

IAB congratulates the honorable friend for this worthy acknowledgement that symbolizes the gratitude for her generous contribution to the "Noble Cause" Freedom of Expression.
